

January 9, 1973

proceed to my original motion. To the new members, everything you say on this floor is recorded on a machine underneath the clerk's desk. It is there for everybody to see and read and to get a copy of if they so desire. I only alert you that what you say doesn't disappear into thin air, it lives to haunt you in the future. Whatever you want to say please be advised that it is recorded. It's available to everybody and anyone who wants a copy of it and I don't suggest to any of you people that you do the things I do because some of the things have lived to haunt me also. Now, Mr. President, I renew my motion to suspend the rules and consider the bills on general file.

SPEAKER: Motion is to suspend the rules and consider the bills on general file. Any further discussion of the motion? The question is shall the rules be suspended? Senator Keyes, your light is on. Did you wish to be recognized on this particular motion which is to suspend the rules. Thank you sir. The question is shall the rules be suspended and the bills on general file be considered at this time. All those in favor vote aye, all those opposed vote no. Suspension of the rules calls for 30 votes. Hasebroock voting aye. It doesn't seem fair that the previous speaker should have a malfunction there. Once again have you all voted? Motion is to suspend the rules and take up the bills on general file. The clerk will record.

CLERK: 38 ayes, Mr. President, on the motion to suspend.

SPEAKER: Rules are suspended and we will consider LB 1. The chair recognizes Senator Simpson.

SENATOR SIMPSON: Mr. President, I wonder if we might by unanimous consent pass over LB 1 for a minute because I have an amendment that should be coming.

SPEAKER: Good. Are there any objections to passing over LB 1 at this time pending amendment. Do I hear any objections? Senator Luedtke, is that the amendment to #1? While we are standing by here for just a moment at ease maybe the chair should read to you from Page 28, Rule 6, Section 2 so that the other, so that the new members of the body might understand this better. Each section of a bill, of course, is open to an amendment. The amendments, if any, recommended by standing committees shall first be considered. The introducer's amendments, if any, shall next be considered after which he may move to advance and explain the bill. We consider committee amendments first. The chair recognizes Senator Duis.

SENATOR DUIS: Mr. President, as long as you are explaining that I wonder if you might go just a little further as an explanation to the new members and to the older members too that the amendment after the introducer's amendment can be made by anyone but must conform with the bill. In other words, they cannot change the subject matter of the bill. Would you do that please.

SPEAKER: That is correct. Senator Keyes, for what purpose do you rise?

(End of Belt #1)
